The Thompson siblings are 4th generation Norwegian-Americans from Minnesota who grew up with gammel-dans (old time dance) at family gatherings. For the past 30 years both have studied, taught, and performed traditional dance and music of Norway. In addition to dancing, Mikkel, who resides in Sweden, also plays durspel (button accordion) while Valerie also sings and plays regular and Hardanger fiddles. John-Anders Persson, born and raised in Sweden, has been a musician most of his life. He spend his early years in Uppland, where his mother is from, and later years in Ångermanland, where his father is from. Music from his Uppland roots includes the bondpolska that will be taught at our workshop. He and Valerie are married and reside in Minnesota, where he continues his focus on the traditional music of Sweden & Norway.
